Dear Charles:

Enclosed are copies of the PM 1697 and PM 1697/1550 applications that have been revised in accordance with our conversation of September 7, 1993, and my conversation with Willie Houck of September 8, 1993. Also enclosed is a copy of a list of the Changes to PM 1697 from the Fifth Draft of the application that you and the inventors reviewed.

As you know, we presently plan to file PM 1697 in the U.S., the combined PM 1697/1550 and the PM 1655 applications in the PCT on Friday, September 10, 1993. After we have filed the combined PM 1697/1550 application in the PCT, we will courier copies of that application to the Turkish associates and to P.A.

Smith of Reddie & Grose. We will also fax the Turkish associates and Reddie & Grose so that they will be alerted that the applications are on their way. We understand that you do not wish to file the PM 1655 application in Turkey.

Formal drawings are still being prepared for FIGS. 19-24 of the PM 1697/1550 application and should be ready by September 9, 1993. If corrections are necessary after the PCT filing, there is a thirty day period during which defects such as informalities in the drawings can be corrected.

Please call if there are any questions.

Very truly yours,

Harold R. Brown III
